

# Meet the Family Advocate

## About Me

I have been working with children for a very long time in a variety of services and capacities, ranging from teaching students to be teachers of young children and adults, case manager as well as lead case manager of home visitation program in PNCC and CCC in the greater Milwaukee area.

In 2010 I joined the home visitation program team here at Next Door Foundation. In 2015 I moved over as a Family Advocate Specialist which I continue to enjoy.
