

Meet the Teacher

About Me

My experience starts at home with my four children, one whom attended Next Door foundation in early head start. I've worked in EHS for the last four years, prior to my start with Next Door I worked for one year at another child care center. I truly enjoy working with the two's supporting their journey as they branch off into Head Start.

Schedule

Monday-Friday

Personal Statement

It is easier to build strong children than to repair broken men.

- Fredrick Douglass

Working with young children is my passion, my mission is to instill respect, social emotions, and positive self-esteem within the children I encounter. I believe that respect should be given from both ways, I show my families respect by valuing their cultures, and beliefs. In return I ask that families respect the culture of the classroom as a whole. I hope to leave an everlasting imprint on not just my children but also their families, making their days easier within the support that I provide their children.

A person's a person, no matter how small.

- Dr. Seuss
