

# Meet the Teacher

## About Me

I have an Associate's Degree in Early Childhood Education from Milwaukee Area Technical College. I also have a Bachelor's Degree in Community Education from UWM. I have been teaching since 1998 and most of those years were spent working with Head Start children and their families. Over the last 20 years my life has centered around children in a variety of ways. I am a former Foster Parent and I have volunteered and lent my services to several agencies dealing with young children as well.

## Schedule

My hours will vary Monday - Friday through the hours of 7:15am through 5:30pm.

## Personal Statement

My time in school has developed my philosophy of valuing each child as an individual, as well as part of a community. I aim to give children as many learning opportunities and experiences as possible in order to engage, motivate, and prepare them for future life. An appropriate, balanced, challenging and creative curriculum is essential in developing children's skills, knowledge and understanding. These all underpin personalized learning.
