

Meet the Teacher

About Me

I have currently worked in childcare since august of 2006. I enjoy working with children of all ages. I am a licensed teacher with the proper qualifications to assist in a head start classroom. I started off from in birth to 3 and stayed because I personally enjoyed being with babies. But as I wanted to explore more about the early childhood. I then branched off to be with the preschoolers. I loved it so much i never knew that a little person as young as 3 to 4 yrs old to be energetic and eager to learn the things I had to offer.

Personal Statement

Education is the key! In order to grow we must feed our brains with the knowledge that we learn from others. As teachers we are the foundation for our children. We must understand that we need them just as much as they need us. Being a teacher is far from easy. I don't think there is no other place i rather be. My early childhood experience has taught me how to just be myself. I love being silly goofy and creative and by me being a teacher I can do just that. i know i cant change the world but if i could it would be through the kids i teach daily. giving them the tools of education they need to spread it so it becomes an on-going cycle..
