Routines and Experiences

Using finger and hand precision

to place the puzzle pieces to the matching picture.

Capitol - Room - 115
2 year olds

These students were excited
**to learn about
transportation.**

They dipped vehicles in paint and “drove” them
across the paper to make tracks! This activity
focused on eye-hand coordination.

Creative Curriculum Studies

Gross motor play helps children build big muscles so they can do things like ride a bike!

Learning to peddle

is a skill our children are working on enthusiastically!

Capitol - Room 133

3 year olds

It is our student's first week of school so they are

learning how to sit and serve themselves

during breakfast. They are also learning to find
their first names on their placemats in which they
was so excited!!

29th St. – Room 74
3 year olds

Learning to share with new friends

is a big part of the beginning of the year.
Here three children worked together to
build a house.

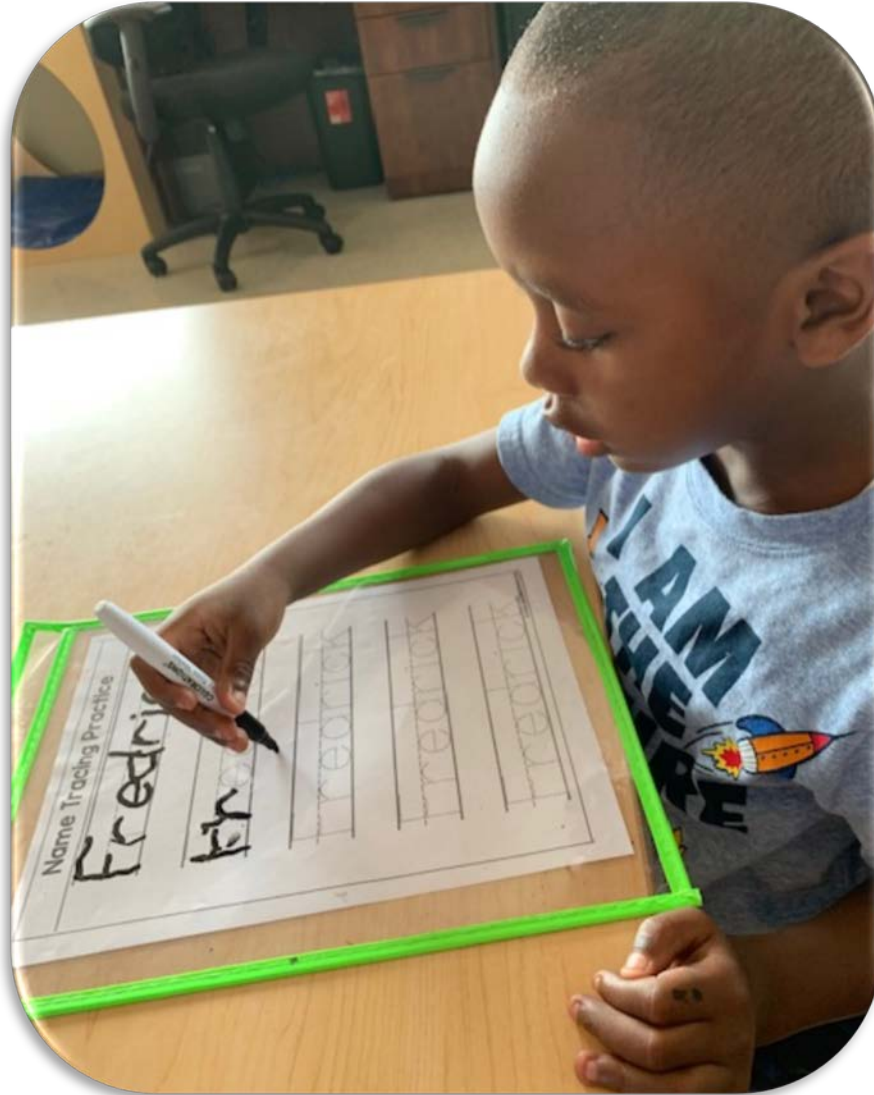

Capitol - Room 101
K4

Room 222 is off to a great start learning
the letters in their names and

how to write each letter using formations

from *Handwriting Without Tears*.

K-5

Common Core

6 H L I g H T S

These K5 students are hard at work during literacy stations. Our teachers are experts at making

learning letters fun
and hands-on!

29th St. - Room 134
K5

The children are
measuring each other
with a half sheet of paper.

When done, they come back as a whole
and report their findings to the class.
