

# Meet the Teacher

## About Me

My name is Chelmer Clay, I've been in child care for 13 yrs. I love watching the children I work with Grow up, seeing how they change and develop into toddlers and then school agers. I love when my kiddos see me and they remember who I am.

## Personal Statement

I am a believer i things happen for a reason! To always keep your head up and push through even if you feel like you can't!
