

Meet the Teacher

About Me

I graduated from UW-Milwaukee with a Bachelor's Degree in Early Childhood Education. While attending, I was able to have field experiences in a variety of schools including Burbank Elementary and Guadalupe Early Head Start. These different field experiences allowed me to work with students in the age range of K3 to 2nd grade. Along with these experiences, I did a semester of student teaching at Clement Avenue Public School.

Schedule

Monday - Friday 8:30 am - 5:00 pm

Personal Statement

I always keep in mind that every child is an individual. What works for one child, may not work for another. Once a teacher has found the key to a child's learning, their success is limitless.
