

Meet the Teacher

About Me

I began my professional child care learning to teach experience in 2000 From 4 C Milwaukee where I earned my certification for Family Child Care Provider. I then enrolled in MATC for the Child Care Associate Degree Program. I took a couple of class's and I earned some college credits for my teaching career. I then returned to earn certifications through 4C Milwaukee, where I earned my Center Director Certification. I was also employed full time teaching children in a Child Care facility. I then enrolled for more course's through Educational Innovation's / 4C Milwaukee. I earned my certification's in Introduction to the Child Care Profession, Skills and Strategies for the Child Care Teacher, Fundamentals of Infant and Toddler Care. I've also continued through the years to enroll in continuing education class's. I then enrolled in an on-line Undergraduate Program at a University in the Child Care Program .. The University of Platteville. I earned my Infant and Toddler Credential, and 12 more college credits. I also started the Preschool Credential and I earned 3 more college credits so, that I would be able to be a flexible teacher. I am now enrolled in Southwest Wisconsin Technical College in the Early Childhood Education Program where I'm aiming for the stars in earning college degree's in teaching.

I earned some of my education while my children were younger. Now that they are independent mature adults with children and families of their own. I am yet motivated to continue my college/university learning in order to teach children.

Schedule

Monday through Friday 9:00 AM- 5:30PM

Personal Statement

Being a teacher is my calling.
Being worthy of my calling is my responsibility.
