

# Meet the Instructional Coach

## About Me

I have my BS in Elementary Education from Carroll College (University) and a minor in Early Childhood.

I have spent my years since graduating in various positions in the Early Childhood field. corporate childcare, private childcare, Director of a small childcare center, and most recently as a Site Supervisor for a local Head Start.

## Schedule

Email will be the best way to communicate as I will be working from home as well as in the building.

My office hours will vary to meet the needs of the teachers I am working with and to accommodate work responsibilities.

## Personal Statement

I am a mother of 2 wonderful girls and I am passionate about laughing, crafting, and finding JOY. Some of my favorite things are doing my nails, peanut butter, office supplies and being social in my free time.

I am excited for an opportunity to work with teachers and hope to never stop learning along the way.
