

# Meet the Coach

## About Me

As an advocate of early childhood, I am at Next Door to advocate for children, families and teachers of early learning. I believe every child has a potential and I am passionate about unlocking the potentials of every child. I am interested in empowering and impacting children positively to succeed in every sphere of life, their community and their nation. I accomplish this goal by using theory and research findings to inform practice by investing positively in teachers who will then apply their knowledge into practice for effective child outcome.

I am a graduate of Biological Science. I have a Master's degree in Human Development from the University of Rochester, Rochester, New York.
