Personal Statement

As an Family Advocate, I believe it is my responsibility to serve as a pipe line and assist families as they navigate through the early years of their child's education. In addition, I will provide you with the necessary tools and resources for sustaining everyday life, and the challenges it may bring.

"A person's most useful asset is not the head full of knowledge, but a heart full of love, an ear ready to listen and a hand willing to help."
