

Meet the Family Advocate

About Me

I have had the privilege of working with Children and Families since 2007. I have worked in a variety of services and capacities, ranging from teaching children in the classroom to working with children living with disabilities. I have also had experiences working at various rehabilitation centers, hospitals, community development and social welfare centers in Nigeria, West Africa. I am passionate about helping and uplifting others. I enjoy working as a Family Advocate; I love seeing the interconnectedness of relationships; the Teachers, Family Advocates, Next Door Families, Management and other Staff Members. I love the way that each day in this job is different with new challenges and fun experience.

Schedule

Monday - Friday 7:45 am - 4:15 pm

Personal Statement

Doing the best at this moment puts you in the best place for the next moment.

It does not matter who you are or where you come from. The ability to triumph begins with you – always.
