

# Meet the Family Advocate

## About Me

Hello. I have been a part of the Early Head Start organization for approximately 16 years. I started off as a teacher here at Next door. I have found the confidence to come out of the classroom and explore my options as a Family Advocate Specialist. I find working with children and families as an opportunity to build positive partnerships and on-going success.

## Personal Statement

I am a huge believer in parent involvement This is a perfect adventure to explore your child's education and the environment within. Family involvement helps to extend teaching outside of the classroom, create and helps children perform better when they are at school. Let us connect and let's stay consistent.

"Tell Me and I Forget, Teach Me and I may Remember. Involve Me and I learn."

## Schedule

Monday - Friday 8:00 am - 5:00 pm
