

Meet the Teacher

About Me

I am a teacher assistant for Next Door. I have been working with children over 15 years. I am a mother of three; one daughter and two sons. They mean the world to me. I knew at a very young age that I wanted to work with children. Working with children has always had a very special place in my heart. I love working with children and enjoy being a part of their lives. As a assistant teacher in Room 22 and 25, I will support the children with their growth and development.

Schedule

Monday - Friday 8:00 am - 5:30 pm

Personal Statement

I believe success doesn't come from what you do occasionally, but rather comes from what you do consistently. Continue to stay positive, work hard, and make it happen. Our life experiences make us who we are and help us to succeed in life.
