

Meet the Teacher

About Me

My name is Tazaray Bell, I am an Assistant Teacher in room 15. I love being around children and helping them as well. Being around the children keeps a smile on my face. I can really say and mean that I love coming to work. I am hoping that I can further my Education to become a Early Head Start Teacher. I love to be happy no matter whats going on with me I always try to keep a smile on my face. You can make a person's day just by smiling and sending good vibes off to them.

Personal Statement

Your first teacher is your parents, you learn and grow from your parents. Children will listen more to their parents than anybody else. It is important that parents are taking their children's education seriously. Being in a classroom and watching the children grow and learn new things brings joy to my heart! On my second day working in the classroom some of the children already knew my name and could recognize me right away, which was such an exciting surprise. I Love it here already!
